

17th December 2018

Dear FirePro Partners and Associates,

RE: KIWA Product Certification and Declarations Renewal

We would like to inform you that the Product Certificate K21774/19 and KIWA Declarations, covering the full range of FirePro models, have now been renewed by KIWA* Nederland B.V. (Certification and Inspection Authority of the Netherlands) on 4th December 2018.

Prior to renewing this certificate, as is standard practice, KIWA Nederland B.V. conducts thorough assessments of the tests carried out by FirePro, in accordance with the relevant CEN/TR15276-1 and ISO15779 requirements and test protocols. Furthermore, in order to complete the renewal procedure mandatory periodic factory inspections are carried out.

As per STATEMENT BY KIWA on the Certificate:

“With this product certificate, issued in accordance with the KIWA Regulation for Certification, Kiwa declares that legitimate confidence exists that the products supplied by

FirePro Systems Ltd.

are complying with the technical specifications as laid down in this product certificate and marked with the Kiwa®-mark in the manner as indicated in this product certificate, on delivery, may be relied upon to comply with Kiwa certification scheme BRL-K23001/04 “the product certificate for fixed dry aerosol fire extinguishing components”.

Renewal year after year of these Certificates and Declarations (attached and incorporated in the Partners Network), is a clear reflection of the importance FirePro places on maintaining product reliability and trustworthiness.

The Management

FirePro Systems

** A leading European institution for testing, inspection and certification. KIWA provides safety-related certification to a wide range of clients, including manufacturers, policymakers, regulators, service companies and consumers.*
